Comments

- We need a neither agree or disagree box added to each question along with a comments box for each question so we can say if we want to why we ticked that box.
- It has been a difficult year working with particular LSAs who have caused problems. I am looking forward to working in a different type of class next year.
- We need more variation in CPD

- Our team has been effective. We have all supported each other when times have been challenging.
- Play time can often be difficult to manage because of staffing. It is very noticeable that some staff are doing more than others.
- Fantastic school, fantastic staff, wonderful students!
- This has been a very good year. We received a "Good" Ofsted then soon after lost some key staff members. However, despite that all staff rallied round and the successes of the year are down in full to staff commitment.
- There have been more visits by Governors making themselves more available and visible in school.
- We need to get better with planning of trips.
- I really enjoy my job and working with our amazing pupils.
- I put disagree to last two as only some parents support us. Not too sure what governors do but I'm sure they do their best. Just don't see them in school often.
- I am very proud of all areas of our practice and everyone's hard work to value and develop our pupils.
- The only area of potential would be the playground at lunchtime with staff distributed in all key locations as there is not enough monitoring by all staff.
- On the playground children are everyone's responsibility where sometimes this isn't remembered.
- I have been very happy in my role and have appreciated and utilised the training I've received.
- There are some strong and positive staff members. Our teacher is an exceptional leader and role model.
- Management and class leaders are approachable.
- More notice to be given for department and class meetings.
