Dear Parents/carers/staff and governors,

**Re: Positive Covid cases**

I am writing to make you aware that 9 of our pupils have tested positive with Covid today. We also have 3 staff tested positive.

Please do **daily Lateral Flow Tests** as a precaution, before coming into school every day. If you would like us to do this on your behalf as a parent or carer for your child/children, please write a note in your home school diary or give us a call.

We do have a 'limited' supply of LFT kits so if you need some, please let us know. We have more on order and hope to receive these soon.

If you do not already take part in our saliva testing (this is available for staff and pupils only) and you would like to, please can you call and speak to Louise Wright who will take your details and make the application for you.

As a parent/carers and if you would like your own son/daughter not to come into school at this time, please can you call and speak to either Niki, Carol or Alison.

Please can we also ask that you call school and make us aware if there is anyone in your family, living with you, that has Covid. This is to help us to watch out for signs of symptoms. Thank you.

Yours sincerely,

Niki Wilson
